

Follow the below steps to download software for your specific unit from the TSI website.

Step 1

Go to the TSI website: <https://tsi.com/>

Step 2

In the header menu, hover over **Software**, then in the drop-down menu click **TSI Software and Firmware Wizard**:

Step 3

In the text box, **begin typing unit details** then **select the applicable make / model** from the drop-down menu:

- SidePak™ AM520 Personal Aerosol Monitor [AM520]
- SidePak™ AM520i Personal Aerosol Monitor [AM520i]

Step 4

Click the **Search** button:

Step 5

Locate the relevant software and **click on the button** to initiate the download process:

TrakPro v5.2.0

Follow any further instructions provided by the TSI website.
